Reasonable Adjustment Disability Passport

GMB
UNION

Durham LA Branch is the first branch in the country to successfully have the Reasonable Adjustment Disability Passport implemented within Durham County Council

The passport is a live record of adjustments agreed between a worker and their manager to support them at work because of a health condition, impairment or disability. The passport supports members and their reps to work with employers to ensure that up-to-date, appropriate, practical and correct reasonable adjustments are in place

The passporting system means that disabled members who move roles, or their line manager changes, do not have to re-explain or renegotiate their reasonable adjustments
