LOCAL GOVERNMENT PAY CLAIM SURVEY (2021/22)

GMB will be meeting shortly to agree the Local Government Pay Claim for 2021/22 across England, Wales & Northern Ireland. The pay claim will then be submitted to the employers in the next few months and discussions will start on your pay.

GMB prides itself on ensuring that all members have a say on their pay. So ahead of the pay discussions we are stepping up GMB's Pay Justice Campaign. GMB is clear we need real term pay increases to remedy the last decade of pay cuts.

GMB will be campaigning for a pay deal that recognises the immense contribution our members make each day across Local Government, and this has never been more pressing than since the onset of the Coronavirus pandemic.

You will be seeing more from GMB's 'Go Public' Campaign that includes campaigning for public services to be fully funded, pay justice & recognition of the contribution you make every day. This is your opportunity to have your say on your pay. Please complete the GMB survey and return it to us as soon as possible.

Remember union strength is in its numbers so the more people who join GMB, the more power we have to challenge employers and make a real difference for you in your work.

This survey will be online until 27th November 2020.

All survey responses will be kept strictly confidential and once the responses are collated, the GMB pay submission will be agreed by the trade union staff side and a copy will be made available to you.
